

**Searching for Clues/Texts DC14 (1-2) or DC18 (4-5)**

Linguistics, Knowledge (history), or text-based Craft or Profession check (such as Profession [librarian] or Craft [bookbinding]). Use of magic or class abilities in a particularly creative or relevant way might receive up to a +5 bonus on a check.

Use the highest skill check result; treat other PCs who succeed at the check as though they had used the aid another.

On a success, the PCs find one important text and receive a card for it. For every 5 points by which the result exceeds the DC, the PCs find one additional text.
