

Jorqual, Dayana, & Senethar's Summoner Spells

Amphibious:

Some undines are born with a permanent bond to water. Undines with this racial trait gain the aquatic subtype and amphibious special quality. This racial trait replaces the spell-like ability racial trait.

Water Affinity:

Undine sorcerers with the elemental (water) bloodline treat their Charisma score as 2 points higher for all sorcerer spells and class abilities. Undine clerics with the Water domain cast their Water domain powers and spells at +1 caster level.

Life Link (Su):

Starting at 1st level, a summoner forms a close bond with his eidolon. Whenever the eidolon takes enough damage to send it back to its home plane, the summoner can, as a free action, sacrifice any number of hit points. Each hit point sacrificed in this way prevents 1 point of damage done to the eidolon. This can prevent the eidolon from being sent back to its home plane.

In addition, the eidolon and the summoner must remain within 100 feet of one

another for the eidolon to remain at full strength. If the eidolon is beyond 100 feet but closer than 1,000 feet, its current and maximum hit point totals are reduced by 50%. If the eidolon is more than 1,000 feet away but closer than 10,000 feet, its current and maximum hit point totals are reduced by 75%. If the eidolon is more than 10,000 feet away, it is immediately returned to its home plane. Current hit points lost in this way are not restored when the eidolon gets closer to its summoner, but its maximum hit point total does return to normal.

Bond Senses (Su): (5 rds/day)

Starting at 2nd level, a summoner can, as a standard action, share the senses of his eidolon, hearing, seeing, smelling, tasting, and touching everything the eidolon does. He can use this ability a number of rounds per day equal to his summoner level. There is no range to this effect, but the eidolon and the summoner must be on the same plane. The summoner can end this effect as a free action.

1st (5/day)

2nd (3/day)

Acid Splash

School conjuration (creation) [acid]; **Level** sorcerer/wizard 0

Casting Time 1 standard action

Components V, S

Range close (25 ft. + 5 ft./2 levels)

Effect one missile of acid

Duration instantaneous

Saving Throw none; **Spell Resistance** no

You fire a small orb of acid at the target. You must succeed on a ranged touch attack to hit your target. The orb deals 1d3 points of acid damage. This acid disappears after 1 round.

Corrosive Touch

School conjuration (creation) [acid]; **Level** magus 1, sorcerer/wizard 1, summoner 1

Casting Time 1 standard action

Components V, S

Range touch

Target creature or object touched

Duration instantaneous

Saving Throw none; **Spell Resistance** yes

Your successful melee touch attack deals 1d4 points of acid damage per caster level (maximum 5d4).

Daze Monster (DC 14)

School enchantment (compulsion) [mind-affecting]; **Level** bard 2, sorcerer/wizard 2

Range medium (100 ft. + 10 ft./level)

Target one living creature of 6 HD or less

This spell functions like *daze*, but it can affect any one living creature of any type. Creatures of 7 or more HD are not affected.

Daze

School enchantment (compulsion) [mind-affecting]; **Level** bard 0, sorcerer/wizard 0

Casting Time 1 standard action

Components V, S, M (a pinch of wool or similar substance)

Range close (25 ft. + 5 ft./2 levels)

Target one humanoid creature of 4 HD or less

Duration 1 round

Saving Throw Will negates; **Spell Resistance** yes

This spell clouds the mind of a humanoid creature with 4 or fewer Hit Dice so that it takes no actions. Humanoids of 5 or more HD are not affected. A dazed subject is not stunned, so attackers get no special advantage against it. After a creature has been dazed by this spell, it is immune to the effects of this spell for 1 minute.

Detect Magic

Glitterdust (DC 15)

School conjuration (creation); **Level** bard 2, sorcerer/wizard 2

Casting Time 1 standard action

Components V, S, M (ground mica)

Range medium (100 ft. + 10 ft./level)

Area creatures and objects within 10-ft.-radius spread

Duration 1 round/level

Save Will negates (blinding only); **SR** no

A cloud of golden particles covers everyone and everything in the area, causing creatures to become blinded and visibly outlining invisible things for the duration of the spell. All within the area are covered by the dust, which cannot be removed and continues to sparkle until it fades. Each round at the end of their turn blinded creatures may attempt new saving throws to end the blindness effect.

Any creature covered by the dust takes a –40 penalty on Stealth checks.

Haste

School transmutation; **Level** bard 3, sorcerer/wizard 3

Casting Time 1 standard action

Components V, S, M (a shaving of licorice root)

Range close (25 ft. + 5 ft./2 levels)

Targets one creature/level, no two of which can be more than 30 ft. apart

Duration 1 round/level

Saving Throw Fortitude negates (harmless);

Spell Resistance yes (harmless)

The transmuted creatures move and act more quickly than normal. This extra speed has several effects.

When making a full attack action, a hasted creature may make one extra attack with one natural or manufactured weapon. The attack is made using the creature's full base attack bonus, plus any modifiers appropriate to the situation. (This effect is not cumulative with

similar effects, such as that provided by a *speed* weapon, nor does it actually grant an extra action, so you can't use it to cast a second spell or otherwise take an extra action in the round.)

A hasted creature gains a +1 bonus on attack rolls and a +1 dodge bonus to AC and Reflex saves. Any condition that makes you lose your Dexterity bonus to Armor Class (if any) also makes you lose dodge bonuses.

All of the hasted creature's modes of movement (including land movement, burrow, climb, fly, and swim) increase by 30 feet, to a maximum of twice the subject's normal speed using that form of movement. This increase counts as an enhancement bonus, and it affects the creature's jumping distance as normal for increased speed. Multiple *haste* effects don't stack. *Haste* dispels and counters *slow*.

Hydraulic Push (1/day)

School evocation [water]; **Level** druid 1, sorcerer/wizard 1

Casting Time 1 standard action

Components V, S

Range close (25 ft. + 5 ft./2 levels)

Target one creature or object

Duration instantaneous

Saving Throw none; **Spell Resistance** yes

You call forth a quick blast of water that knocks over and soaks one creature or square. You can use this blast of water to make a bull rush against any one creature or object. Your CMB for this bull rush is equal to your caster level plus your Intelligence, Wisdom, or Charisma modifier, whichever is highest. This bull rush does not provoke an attack of opportunity. *Hydraulic push* extinguishes any normal fires on a creature, object, or in a single 5-foot square which it is targeted against. Magical fires are unaffected.

Mage Armor

Mage Hand

School transmutation; **Level** bard 0, sorcerer/wizard 0

Casting Time 1 standard action

Components V, S

Range close (25 ft. + 5 ft./2 levels)

Target one nonmagical, unattended object weighing up to 5 lbs.

Duration concentration

Saving Throw none; **Spell Resistance** no

You point your finger at an object and can lift it and move it at will from a distance. As a move action, you can propel the object as far as 15 feet in any direction, though the spell ends if the distance between you and the object ever exceeds the spell's range.

Message

School transmutation [language-dependent]; **Level** bard 0, sorcerer/wizard 0

Casting Time 1 standard action

Components V, S, F (a piece of copper wire)

Range medium (100 ft. + 10 ft./level)

Targets one creature/level

Duration 10 min./level

Saving Throw none; **Spell Resistance** no

You can whisper messages and receive whispered replies. Those nearby can hear these messages with a DC 25 Perception check. You point your finger at each creature you want to receive the message. When you whisper, the whispered message is audible to all targeted creatures within range. Magical *silence*, 1 foot of stone, 1 inch of common metal (or a thin sheet of lead), or 3 feet of wood or dirt blocks the spell. The message does not have to travel in a straight line. It can circumvent a barrier if there is an open path between you and the subject, and the path's entire length lies within the spell's range. The creatures that receive the message can whisper a reply that you hear. The spell transmits sound, not meaning; it doesn't transcend language barriers. To speak a message, you must mouth the words and whisper.

Open/Close

School transmutation; **Level** bard 0, sorcerer/wizard 0

Casting Time 1 standard action

Components V, S, F (a brass key)

Range close (25 ft. + 5 ft./2 levels)

Target object weighing up to 30 lbs. or portal that can be opened or closed

Duration instantaneous

Saving Throw Will negates (object); **Spell Resistance** yes (object)

You can open or close (your choice) a door, chest, box, window, bag, pouch, bottle, barrel, or other container. If anything resists this activity (such as a bar on a door or a lock on a chest), the spell fails. In addition, the spell can only open and close things weighing 30 pounds or less. Thus, doors, chests, and similar objects sized for enormous creatures may be beyond this spell's ability to affect.

Read Magic

Rejuvenate Eidolon, Lesser

School conjuration (healing); **Level** summoner 1

Casting Time 1 standard action

Components V, S, M (a drop of your blood)

Range touch

Target eidolon touched

Duration instantaneous

Saving Throw none; **Spell Resistance** no

By laying your hand upon an eidolon, you cause its wounds to close and its form to solidify. This spell cures 1d10 points of damage +1 point per caster level (maximum +5).

Summon Monster II

School conjuration (summoning); **Level** bard 2, cleric 2, sorcerer/wizard 2

Frog, Giant*

This spell functions like *summon monster I*, except that you can summon one creature from the 2nd-level list or 1d3 creatures of the same kind from the 1st-level list.

Summon Monster III (6/day) Only while Eidolon is NOT out.

Electric Eel, Shark

School conjuration (summoning); **Level** bard 3, cleric 3, sorcerer/wizard 3

Standard Action, Duration 1 min./lvl.

This spell functions like *summon monster I*, except that you can summon one creature from the 3rd-level list, 1d3 creatures of the same kind from the 2nd-level list, or 1d4+1 creatures of the same kind from the 1st-level list.

Summon Monster I

Frog, Poison*

School conjuration (summoning) [see text]; **Level** bard 1, cleric 1, sorcerer/wizard 1

Casting Time 1 round

Components V, S, F/DF (a tiny bag and a small candle)

Range close (25 ft. + 5 ft./2 levels)

Effect one summoned creature

Duration 1 round/level (D)

Saving Throw none; **Spell Resistance** no

This spell summons an extraplanar creature (typically an outsider, elemental, or magical beast native to another plane). It appears where you designate and acts immediately, on your turn. It attacks your opponents to the best of its ability. If you can communicate with the creature, you can direct it not to attack, to attack particular enemies, or to perform other actions. The spell conjures one of the creatures from the 1st Level list on Table 10–1. You choose which kind of creature to summon, and you can choose a different one each time you cast the spell.

A summoned monster cannot summon or otherwise conjure another creature, nor can it use any teleportation or planar travel abilities. Creatures cannot be summoned into an environment that cannot support them. Creatures summoned using this spell cannot use spells or spell-like abilities that duplicate spells with expensive material components (such as *wish*).

When you use a summoning spell to summon a creature with an alignment or elemental subtype, it is a spell of that type. Creatures on Table 10–1 marked with an “*” are summoned with the celestial template, if you are good, and the fiendish template, if you are evil. If you are neutral, you may choose which template to apply to the creature. Creatures marked with an “*” always have an alignment that matches yours, regardless of their usual alignment. Summoning these creatures makes the summoning spell's type match your alignment.

Aqueous Orb, Scroll of

School conjuration (creation) [water]; **Level** druid 3, sorcerer/wizard 3, summoner 3

Casting Time 1 standard action

Components V, S, M (a drop of water and a glass bead)

Range medium (100 ft. + 10 ft./level)

Effect 10-ft.-diameter sphere

Duration 1 round/level

Saving Throw Reflex negates; **Spell Resistance** no

You create a rolling sphere of churning water that can engulf those it strikes. The *aqueous orb* can move up to 30 feet per round, rolling over barriers less than 10 feet tall. It automatically quenches any non-magical fires and functions as *dispel magic* against magical fires as long as those fires are size Large or less.

Any creature in the path of the *aqueous orb* takes 2d6 points of nonlethal damage. A successful Reflex save negates this damage, but a Large or smaller creature that fails its save must make a second save or be engulfed by the *aqueous orb* and carried along with it. Engulfed creatures are immersed in water and must hold their breath unless capable of breathing water. They gain cover against attacks from outside the *aqueous orb* but are considered entangled by its churning currents, takes 2d6 points of nonlethal damage at the beginning of their turn each round they remain trapped. Creatures within the orb may attempt a new Reflex save each round to escape into a random square adjacent to the *aqueous orb*. The orb may hold one Large creature, 4 Medium, or 16 Small or smaller creatures within it.

The sphere moves as long as you actively direct it (a move action for you); otherwise, it merely stays at rest and churns in place. An *aqueous orb* stops if it moves outside the spell's range.

CMW, Potion of (2d8+3)

Invisibility, Scroll of

School illusion (glamer); **Level** bard 2, sorcerer/wizard 2

Casting Time 1 standard action

Components V, S, M/DF (an eyelash encased in gum arabic)

Range personal or touch

Target you or a creature or object weighing no more than 100 lbs./level

Duration 1 min./level (D)

Saving Throw Will negates (harmless) or Will negates (harmless, object); **Spell Resistance** yes (harmless) or yes (harmless, object)

The creature or object touched becomes invisible. If the recipient is a creature carrying gear, that vanishes, too. If you cast the spell on someone else, neither you nor your allies can see the subject, unless you can normally see invisible things or you employ magic to do so.

Items dropped or put down by an invisible creature become visible; items picked up disappear if tucked into the clothing or pouches worn by the creature. Light, however, never becomes invisible, although a source of light can become so (thus, the effect is that of a light with no visible source). Any part of an item that the subject carries but that extends more than 10 feet from it becomes visible.

Of course, the subject is not magically silenced, and certain other conditions can render the recipient detectable (such as swimming in water or stepping in a puddle). If a check is required, a stationary invisible creature has a +40 bonus on its Stealth checks. This bonus is reduced to +20 if the creature is moving. The spell ends if the subject attacks any creature. For purposes of this spell, an attack includes any spell targeting a foe or whose area or effect includes a foe. Exactly who is a foe depends on the invisible character's perceptions. Actions directed at unattended objects do not break the spell. Causing harm indirectly is not an attack. Thus, an invisible being can open doors, talk, eat, climb stairs, summon monsters and have them attack, cut the ropes holding a rope bridge while enemies are on the bridge, remotely trigger traps, open a portcullis to release attack dogs, and so forth. If the subject attacks directly, however, it immediately becomes visible along with all its gear. Spells such as *bless* that specifically affect allies but not foes are not attacks for this purpose, even when they include foes in their area.

Invisibility can be made permanent (on objects only) with a *permanency* spell.

Water Mephit's Spells

Acid Arrow (1/hour)

School conjuration (creation) [acid]; **Level** sorcerer/wizard 2

Casting Time 1 standard action

Components V, S, M (rhubarb leaf and an adder's stomach), F (a dart)

Range long (400 ft. + 40 ft./level)

Effect one arrow of acid

Duration 1 round + 1 round per three levels

Saving Throw none; **Spell Resistance** no

An arrow of acid springs from your hand and speeds to its target. You must succeed on a ranged touch attack to hit your target. The arrow deals 2d4 points of acid damage with no splash damage. For every three caster levels you possess, the acid, unless neutralized, lasts for another round (to a maximum of 6 additional rounds at 18th level), dealing another 2d4 points of damage in each round.

Stinking Cloud (DC 15) 1/day

School conjuration (creation); **Level**

sorcerer/wizard 3

Casting Time 1 standard action

Components V, S, M (a rotten egg or cabbage leaves)

Range medium (100 ft. + 10 ft./level)

Effect cloud spreads in 20-ft. radius, 20 ft. high

Duration 1 round/level

Saving Throw Fortitude negates; see text;

Spell Resistance no

Stinking cloud creates a bank of fog like that created by *fog cloud*, except that the vapors are nauseating. Living creatures in the cloud become nauseated. This condition lasts as long as the creature is in the cloud and for 1d4+1 rounds after it leaves. (Roll separately for each nauseated character.) Any creature that succeeds on its save but remains in the cloud must continue to save each round on your turn. This is a poison effect.

Stinking cloud can be made permanent with a *permanency* spell. A permanent *stinking cloud* dispersed by wind reforms in 10 minutes.
