

# Agash Div's Spells

## Summon (1/day) 1d2 Dorus 25%

### Bestow Curse (DC 16) At Will

**School** necromancy; **Level** cleric 3, sorcerer/wizard 4

**Casting Time** 1 standard action

**Components** V, S

**Range** touch

**Target** creature touched

**Duration** permanent

**Saving Throw** Will negates; **Spell Resistance** yes

You place a curse on the subject.

Choose one of the following.

- -6 decrease to an ability score (minimum 1).
- -4 penalty on attack rolls, saves, ability checks, and skill checks.
- Each turn, the target has a 50% chance to act normally; otherwise, it takes no action.

You may also invent your own curse, but it should be no more powerful than those described above.

The curse bestowed by this spell cannot be dispelled, but it can be removed with a *break enchantment*, *limited wish*, *miracle*, *remove curse*, or *wish* spell.

*Bestow curse* counters *remove curse*.

## Detect Good (At Will)

## Detect Magic (At Will)

### Dimension Door (At Will)

**School** conjuration (teleportation); **Level** bard 4, sorcerer/wizard 4

**Casting Time** 1 standard action

**Components** V

**Range** long (400 ft. + 40 ft./level)

**Target** you and touched objects or other touched willing creatures

**Duration** instantaneous

**Saving Throw** none and Will negates (object);

**Spell Resistance** no and yes (object)

You instantly transfer yourself from your current location to any other spot within range. You always arrive at exactly the spot desired—whether by simply visualizing the area or by stating direction. After using this spell, you can't take any other actions until your next turn. You can bring along objects as long as their weight

doesn't exceed your maximum load. You may also bring one additional willing Medium or smaller creature (carrying gear or objects up to its maximum load) or its equivalent per three caster levels. A Large creature counts as two Medium creatures, a Huge creature counts as two Large creatures, and so forth. All creatures to be transported must be in contact with one another, and at least one of those creatures must be in contact with you.

If you arrive in a place that is already occupied by a solid body, you and each creature traveling with you take 1d6 points of damage and are shunted to a random open space on a suitable surface within 100 feet of the intended location.

If there is no free space within 100 feet, you and each creature traveling with you take an additional 2d6 points of damage and are shunted to a free space within 1,000 feet. If there is no free space within 1,000 feet, you and each creature travelling with you take an additional 4d6 points of damage and the spell simply fails.

### Minor Image (DC 15) At Will

**School** illusion (figment); **Level** bard 2, sorcerer/wizard 2

**Duration** concentration + 2 rounds

This spell functions like *silent image*, except that *minor image* includes some minor sounds but not understandable speech.

### Silent Image

**School** illusion (figment); **Level** bard 1, sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S, F (a bit of fleece)

**Range** long (400 ft. + 40 ft./level)

**Effect** visual figment that cannot extend beyond four 10-ft. cubes + one 10-ft. cube/level (S)

**Duration** concentration

**Saving Throw** Will disbelief (if interacted with);

**Spell Resistance** no

This spell creates the visual illusion of an object, creature, or force, as visualized by you. The illusion does not create sound, smell, texture, or temperature. You can move the image within the limits of the size of the effect.

## Spectral Hand (At Will)

**School** necromancy; **Level** sorcerer/wizard 2

**Casting Time** 1 standard action

**Components** V, S

**Range** medium (100 ft. + 10 ft./level)

**Effect** one spectral hand

**Duration** 1 min./level (D)

**Saving Throw** none; **Spell Resistance** no

A ghostly hand shaped from your life force materializes and moves as you desire, allowing you to deliver low-level, touch range spells at a distance. On casting the spell, you lose 1d4 hit points that return when the spell ends (even if it is dispelled), but not if the hand is destroyed. (The hit points can be healed as normal.) For as long as the spell lasts, any touch range spell of 4th level or lower that you cast can be delivered by the *spectral hand*. The spell gives you a +2 bonus on your melee touch attack roll, and attacking with the hand counts normally as an attack. The hand always strikes from your direction. The hand cannot flank targets like a creature can. After it delivers a spell, or if it goes beyond the spell range or goes out of your sight, the hand returns to you and hovers.

The hand is incorporeal and thus cannot be harmed by normal weapons. It has improved evasion (half damage on a failed Reflex save and no damage on a successful save), your save bonuses, and an AC of 22 (+8 size, +4 natural armor). Your Intelligence modifier applies to the hand's AC as if it were the hand's Dexterity modifier. The hand has 1 to 4 hit points, the same number that you lost in creating it.

## Suggestion (DC 16) 1/day

**School** enchantment (compulsion) [language-dependent, mindaffecting];

**Level** bard 2, sorcerer/wizard 3

**Casting Time** 1 standard action

**Components** V, M (a snake's tongue and a honeycomb)

**Range** close (25 ft. + 5 ft./2 levels)

**Target** one living creature

**Duration** 1 hour/level or until completed

**Saving Throw** Will negates; **Spell Resistance** yes

You influence the actions of the target creature by suggesting a course of activity (limited to a sentence or two). The *suggestion* must be worded in such a manner as to make the activity sound reasonable. Asking the creature to do some obviously harmful act automatically negates the effect of the spell.

The suggested course of activity can continue for the entire duration. If the suggested activity can be completed in a shorter time, the spell ends when the subject finishes what it was asked to do. You can instead specify conditions that will trigger a special activity during the duration. If the condition is not met before the spell duration expires, the activity is not performed.

A very reasonable *suggestion* causes the save to be made with a penalty (such as -1 or -2).

## Doru Div's Spells (Summoned)

### Charm Person (DC 13) 3/day

**School** enchantment (charm) [mind-affecting];

**Level** bard 1, sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S

**Range** close (25 ft. + 5 ft./2 levels)

**Target** one humanoid creature

**Duration** 1 hour/level

**Saving Throw** Will negates; **Spell Resistance** yes

This charm makes a humanoid creature regard you as its trusted friend and ally (treat the target's attitude as friendly). If the creature is currently being threatened or attacked by you or your allies, however, it receives a +5 bonus on its saving throw.

The spell does not enable you to control the charmed person as if it were an automaton, but it perceives your words and actions in the most favorable way. You can try to give the subject orders, but you must win an opposed Charisma check to convince it to do anything it wouldn't ordinarily do. (Retries are not allowed.) An affected creature never obeys suicidal or obviously harmful orders, but it might be convinced that something very dangerous is worth doing. Any act by you or your apparent allies that threatens the charmed person breaks the spell. You must speak the person's language to communicate your commands, or else be good at pantomiming.

### Commune (CL 12<sup>th</sup>, 6 questions) 1/week

**School** divination; **Level** cleric 5

**Casting Time** 10 minutes

**Components** V, S, M (holy or unholy water and incense worth 500 gp), DF

**Range** personal

**Target** you

**Duration** 1 round/level

You contact your deity—or agents thereof—and ask questions that can be answered by a simple yes or no. (A cleric of no particular deity contacts a philosophically allied deity.) You are allowed one such question per caster level. The answers given are correct within the limits of the entity's knowledge. "Unclear" is a legitimate answer, because powerful beings of the Outer Planes are not

necessarily omniscient. In cases where a one-word answer would be misleading or contrary to the deity's interests, a short phrase (five words or less) may be given as an answer instead.

The spell, at best, provides information to aid character decisions. The entities contacted structure their answers to further their own purposes. If you lag, discuss the answers, or go off to do anything else, the spell ends.

### Detect Good (Constant)

### Detect Magic (Constant)

### Invisibility (self only) At Will

**School** illusion (glamer); **Level** bard 2, sorcerer/wizard 2

**Casting Time** 1 standard action

**Components** V, S, M/DF (an eyelash encased in gum arabic)

**Range** personal or touch

**Target** you or a creature or object weighing no more than 100 lbs./level

**Duration** 1 min./level (D)

**Saving Throw** Will negates (harmless) or Will negates (harmless, object); **Spell Resistance** yes (harmless) or yes (harmless, object)

The creature or object touched becomes invisible. If the recipient is a creature carrying gear, that vanishes, too. If you cast the spell on someone else, neither you nor your allies can see the subject, unless you can normally see invisible things or you employ magic to do so.

Items dropped or put down by an invisible creature become visible; items picked up disappear if tucked into the clothing or pouches worn by the creature. Light, however, never becomes invisible, although a source of light can become so (thus, the effect is that of a light with no visible source). Any part of an item that the subject carries but that extends more than 10 feet from it becomes visible.

Of course, the subject is not magically silenced, and certain other conditions can render the recipient detectable (such as swimming in water or stepping in a puddle). If a check is required, a stationary invisible creature has a +40 bonus on its Stealth checks. This bonus is reduced to +20 if the creature is moving. The spell ends if the subject attacks any creature.

For purposes of this spell, an attack includes any spell targeting a foe or whose area or effect includes a foe. Exactly who is a foe depends on the invisible character's perceptions. Actions directed at unattended objects do not break the spell. Causing harm indirectly is not an attack. Thus, an invisible being can open doors, talk, eat, climb stairs, summon monsters and have them attack, cut the ropes holding a rope bridge while enemies are on the bridge, remotely trigger traps, open a portcullis to release attack dogs, and so forth. If the subject attacks directly, however, it immediately becomes visible along with all its gear. Spells such as *bless* that specifically affect allies but not foes are not attacks for this purpose, even when they include foes in their area.

*Invisibility* can be made permanent (on objects only) with a *permanency* spell.

### Minor Image (DC13) 3/day

**School** illusion (figment); **Level** bard 2, sorcerer/wizard 2

**Duration** concentration + 2 rounds

This spell functions like *silent image*, except that *minor image* includes some minor sounds but not understandable speech.

#### **Silent Image**

**School** illusion (figment); **Level** bard 1, sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S, F (a bit of fleece)

**Range** long (400 ft. + 40 ft./level)

**Effect** visual figment that cannot extend beyond four 10-ft. cubes+ one 10-ft. cube/level (S)

**Duration** concentration

**Saving Throw** Will disbelief (if interacted with);

**Spell Resistance** no

*This spell creates the visual illusion of an object, creature, or force, as visualized by you. The illusion does not create sound, smell, texture, or temperature. You can move the image within the limits of the size of the effect.*

### Suggestion (DC 14) 1/day

**School** enchantment (compulsion) [language-dependent, mindaffecting];

**Level** bard 2, sorcerer/wizard 3

**Casting Time** 1 standard action

**Components** V, M (a snake's tongue and a honeycomb)

**Range** close (25 ft. + 5 ft./2 levels)

**Target** one living creature

**Duration** 1 hour/level or until completed

**Saving Throw** Will negates; **Spell Resistance** yes

You influence the actions of the target creature by suggesting a course of activity (limited to a sentence or two). The *suggestion* must be worded in such a manner as to make the activity sound reasonable. Asking the creature to do some obviously harmful act automatically negates the effect of the spell.

The suggested course of activity can continue for the entire duration. If the suggested activity can be completed in a shorter time, the spell ends when the subject finishes what it was asked to do. You can instead specify conditions that will trigger a special activity during the duration. If the condition is not met before the spell duration expires, the activity is not performed.

A very reasonable *suggestion* causes the save to be made with a penalty (such as -1 or -2).

# Klarkosh's Evoker Spells

## **Intense Spells (Su): (+3 damage)**

Whenever you cast an evocation spell that deals hit point damage, add 1/2 your wizard level to the damage (minimum +1). This bonus damage is not increased by Empower Spell or similar effects. This bonus only applies once to a spell, not once per missile or ray, and cannot be split between multiple missiles or rays. This damage is of the same type as the spell. At 20th level, whenever you cast an evocation spell you

can roll twice to penetrate a creature's spell resistance and take the better result.

## **Force Missile (Sp): (8/day) 1d4+3**

As a standard action you can unleash a force missile that automatically strikes a foe, as *magic missile*. The force missile deals 1d4 points of damage plus the damage from your intense spells evocation power. This is a force effect. You can use this ability a number of times per day equal to 3 + your Intelligence modifier.

\*\*\*

## **Blindness/Deafness (DC 17)**

**School** necromancy; **Level** bard 2, cleric 3, sorcerer/wizard 2

**Casting Time** 1 standard action

**Components** V

**Range** medium (100 ft. + 10 ft./level)

**Target** one living creature

**Duration** permanent (D)

**Saving Throw** Fortitude negates; **Spell**

**Resistance** yes

You call upon the powers of unlife to render the subject blinded or deafened, as you choose.

## **Dispel Magic**

**School** abjuration; **Level** bard 3, cleric 3, druid 4, paladin 3, sorcerer/wizard 3

**Casting Time** 1 standard action

**Components** V, S

**Range** medium (100 ft. + 10 ft./level)

**Target or Area** one spellcaster, creature, or object

**Duration** instantaneous

**Saving Throw** none; **Spell Resistance** no

You can use *dispel magic* to end one ongoing spell that has been cast on a creature or object, to temporarily suppress the magical abilities of a magic item, or to counter another spellcaster's spell. A dispelled spell ends as if its duration had expired. Some spells, as detailed in their descriptions, can't be defeated by *dispel magic*. *Dispel magic* can dispel (but not counter) spell-like effects just as it does spells. The effect of a spell with an instantaneous duration can't be dispelled, because the magical effect is already over before the *dispel magic* can take effect.

You choose to use *dispel magic* in one of two ways: a targeted dispel or a counterspell.

**Targeted Dispel:** One object, creature, or spell is the target of the *dispel magic* spell. You make one dispel check (1d20 + your caster level) and compare that to the spell with highest caster level (DC = 11 + the spell's caster level). If successful, that spell ends. If not, compare the same result to the spell with the next highest caster level. Repeat this process until you have dispelled one spell affecting the target, or you have failed to dispel every spell.

For example, a 7th-level caster casts *dispel magic*, targeting a creature affected by *stoneskin* (caster level 12th) and *fly* (caster level

## **Burning Hands (DC 16)**

**School** evocation [fire]; **Level** sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S

**Range** 15 ft.

**Area** cone-shaped burst

**Duration** instantaneous

**Saving Throw** Reflex half; **Spell Resistance** yes

A cone of searing flame shoots from your fingertips. Any creature in the area of the flames takes 1d4 points of fire damage per caster level (maximum 5d4). Flammable materials burn if the flames touch them. A character can extinguish burning items as a full-round action.

## **Detect Magic**

6th). The caster level check results in a 19. This check is not high enough to end the *stoneskin* (which would have required a 23 or higher), but it is high enough to end the *fly* (which only required a 17). Had the dispel check resulted in a 23 or higher, the *stoneskin* would have been dispelled, leaving the *fly* intact. Had the dispel check been a 16 or less, no spells would have been affected.

You can also use a targeted dispel to specifically end one spell affecting the target or one spell affecting an area (such as a *wall of fire*). You must name the specific spell effect to be targeted in this way. If your caster level check is equal to or higher than the DC of that spell, it ends. No other spells or effects on the target are dispelled if your check is not high enough to end the targeted effect.

If you target an object or creature that is the effect of an ongoing spell (such as a monster summoned by *summon monster*), you make a dispel check to end the spell that conjured the object or creature.

If the object that you target is a magic item, you make a dispel check against the item's caster level (DC = 11 + the item's caster level). If you succeed, all the item's magical properties are suppressed for 1d4 rounds, after which the item recovers its magical properties. A suppressed item becomes nonmagical for the duration of the effect. An interdimensional opening (such as a *bag of holding*) is temporarily closed. A magic item's physical properties are unchanged: A suppressed magic sword is still a sword (a masterwork sword, in fact). Artifacts and deities are unaffected by mortal magic such as this.

You automatically succeed on your dispel check against any spell that you cast yourself.

*Counterspell:* When *dispel magic* is used in this way, the spell targets a spellcaster and is cast as a counterspell. Unlike a true counterspell, however, *dispel magic* may not work; you must make a dispel check to counter the other spellcaster's spell.

### **False Life**

**School** necromancy; **Level** sorcerer/wizard 2  
**Casting Time** 1 standard action  
**Components** V, S, M (a drop of blood)  
**Range** personal  
**Target** you  
**Duration** 1 hour/level or until discharged; see text

You harness the power of unlife to grant yourself a limited ability to avoid death. While this spell is in effect, you gain temporary hit points equal to 1d10 + 1 per caster level (maximum +10).

### **Fear (DC 19)**

**School** necromancy [fear, mind-affecting]; **Level** bard 3, sorcerer/wizard 4  
**Casting Time** 1 standard action  
**Components** V, S, M (the heart of a hen or a white feather)  
**Range** 30 ft.  
**Area** cone-shaped burst  
**Duration** 1 round/level or 1 round; see text  
**Saving Throw** Will partial; **Spell Resistance** yes

An invisible cone of terror causes each living creature in the area to become panicked unless it succeeds on a Will save. If cornered, a panicked creature begins cowering. If the Will save succeeds, the creature is shaken for 1 round.

### **Fireball (DC 18)**

**School** evocation [fire]; **Level** sorcerer/wizard 3  
**Casting Time** 1 standard action  
**Components** V, S, M (a ball of bat guano and sulfur)  
**Range** long (400 ft. + 40 ft./level)  
**Area** 20-ft.-radius spread  
**Duration** instantaneous  
**Saving Throw** Reflex half; **Spell Resistance** yes

A *fireball* spell generates a searing explosion of flame that detonates with a low roar and deals 1d6 points of fire damage per caster level (maximum 10d6) to every creature within the area. Unattended objects also take this damage. The explosion creates almost no pressure.

You point your finger and determine the range (distance and height) at which the *fireball* is to burst. A glowing, pea-sized bead streaks from the pointing digit and, unless it impacts upon a material body or solid barrier prior to attaining the prescribed range, blossoms into the *fireball* at that point. An early impact results in an early detonation. If you attempt to send the bead through a narrow passage, such as through an arrow slit, you must "hit" the opening with a ranged touch attack, or else the bead strikes the barrier and detonates prematurely.

The *fireball* sets fire to combustibles and damages objects in the area. It can melt metals

with low melting points, such as lead, gold, copper, silver, and bronze. If the damage caused to an interposing barrier shatters or breaks through it, the *fireball* may continue beyond the barrier if the area permits; otherwise it stops at the barrier just as any other spell effect does.

### Ice Storm

**School** evocation [cold]; **Level** druid 4, sorcerer/wizard 4

**Casting Time** 1 standard action

**Components** V, S, M/DF (dust and water)

**Range** long (400 ft. + 40 ft./level)

**Area** cylinder (20-ft. radius, 40 ft. high)

**Duration** 1 round/level (D)

**Saving Throw** none; **Spell Resistance** yes

Great magical hailstones pound down upon casting this spell, dealing 3d6 points of bludgeoning damage and 2d6 points of cold damage to every creature in the area. This damage only occurs once, when the spell is cast. For the remaining duration of the spell, heavy snow and sleet rains down in the area. Creatures inside this area take a –4 penalty on Perception skill checks and the entire area is treated as difficult terrain. At the end of the duration, the snow and hail disappear, leaving no aftereffects (other than the damage dealt).

### Invisibility

**School** illusion (glamer); **Level** bard 2, sorcerer/wizard 2

**Casting Time** 1 standard action

**Components** V, S, M/DF (an eyelash encased in gum arabic)

**Range** personal or touch

**Target** you or a creature or object weighing no more than 100 lbs./level

**Duration** 1 min./level (D)

**Saving Throw** Will negates (harmless) or Will negates (harmless, object); **Spell Resistance** yes (harmless) or yes (harmless, object)

The creature or object touched becomes invisible. If the recipient is a creature carrying gear, that vanishes, too. If you cast the spell on someone else, neither you nor your allies can see the subject, unless you can normally see invisible things or you employ magic to do so.

Items dropped or put down by an invisible creature become visible; items picked up disappear if tucked into the clothing or pouches worn by the creature. Light, however, never becomes invisible, although a source of light can become so (thus, the effect is that of a light with no visible source). Any part of an item

that the subject carries but that extends more than 10 feet from it becomes visible.

Of course, the subject is not magically silenced, and certain other conditions can render the recipient detectable (such as swimming in water or stepping in a puddle). If a check is required, a stationary invisible creature has a +40 bonus on its Stealth checks. This bonus is reduced to +20 if the creature is moving. The spell ends if the subject attacks any creature. For purposes of this spell, an attack includes any spell targeting a foe or whose area or effect includes a foe. Exactly who is a foe depends on the invisible character's perceptions. Actions directed at unattended objects do not break the spell. Causing harm indirectly is not an attack. Thus, an invisible being can open doors, talk, eat, climb stairs, summon monsters and have them attack, cut the ropes holding a rope bridge while enemies are on the bridge, remotely trigger traps, open a portcullis to release attack dogs, and so forth. If the subject attacks directly, however, it immediately becomes visible along with all its gear. Spells such as *bless* that specifically affect allies but not foes are not attacks for this purpose, even when they include foes in their area.

*Invisibility* can be made permanent (on objects only) with a *permanency* spell.

### Light

#### Lightning Bolt (DC 18)

**School** evocation [electricity]; **Level** sorcerer/wizard 3

**Casting Time** 1 standard action

**Components** V, S, M (fur and a glass rod)

**Range** 120 ft.

**Area** 120-ft. line

**Duration** instantaneous

**Saving Throw** Reflex half; **Spell Resistance** yes

You release a powerful stroke of electrical energy that deals 1d6 points of electricity damage per caster level (maximum 10d6) to each creature within its area. The bolt begins at your fingertips.

The *lightning bolt* sets fire to combustibles and damages objects in its path. It can melt metals with a low melting point, such as lead, gold, copper, silver, or bronze. If the damage caused to an interposing barrier shatters or breaks through it, the bolt may continue beyond the barrier if the spell's range

permits; otherwise, it stops at the barrier just as any other spell effect does.

## Mage Armor

### Magic Missile

**School** evocation [force]; **Level** sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S

**Range** medium (100 ft. + 10 ft./level)

**Targets** up to five creatures, no two of which can be more than 15 ft. apart

**Duration** instantaneous

**Saving Throw** none; **Spell Resistance** yes

A missile of magical energy darts forth from your fingertip and strikes its target, dealing 1d4+1 points of force damage.

The missile strikes unerringly, even if the target is in melee combat, so long as it has less than total cover or total concealment. Specific parts of a creature can't be singled out. Objects are not damaged by the spell.

For every two caster levels beyond 1st, you gain an additional missile—two at 3rd level, three at 5th, four at 7th, and the maximum of five missiles at 9th level or higher. If you shoot multiple missiles, you can have them strike a single creature or several creatures. A single missile can strike only one creature. You must designate targets before you check for spell resistance or roll damage.

## Message

### Obscuring Mist

**School** conjuration (creation); **Level** cleric 1, druid 1, sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S

**Range** 20 ft.

**Effect** cloud spreads in 20-ft. radius from you, 20 ft. high

**Duration** 1 min./level (D)

**Saving Throw** none; **Spell Resistance** no

A misty vapor arises around you. It is stationary. The vapor obscures all sight, including darkvision, beyond 5 feet. A creature 5 feet away has concealment (attacks have a 20% miss chance). Creatures farther away have total concealment (50% miss chance, and the attacker cannot use sight to locate the target).

A moderate wind (11+ mph), such as from a *gust of wind* spell, disperses the fog in 4 rounds. A strong wind (21+ mph) disperses the

fog in 1 round. A *fireball*, *flame strike*, or similar spell burns away the fog in the explosive or fiery spell's area. A *wall of fire* burns away the fog in the area into which it deals damage.

This spell does not function underwater.

### Protection From Good

**School** abjuration [evil]; **Level** cleric 1, sorcerer/wizard 1

This spell functions like *protection from evil*, except that the deflection and resistance bonuses apply to attacks made by good creatures. The target receives a new saving throw against control by good creatures and good summoned creatures cannot touch the target.

### Protection from Evil

**School** abjuration [good]; **Level** cleric 1, paladin 1, sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S, M/DF

**Range** touch

**Target** creature touched

**Duration** 1 min./level (D)

**Saving Throw** Will negates (harmless); **Spell Resistance** no; see text

This spell wards a creature from attacks by evil creatures, from mental control, and from summoned creatures. It creates a magical barrier around the subject at a distance of 1 foot. The barrier moves with the subject and has three major effects.

First, the subject gains a +2 deflection bonus to AC and a +2 resistance bonus on saves. Both these bonuses apply against attacks made or effects created by evil creatures.

Second, the subject immediately receives another saving throw (if one was allowed to begin with) against any spells or effects that possess or exercise mental control over the creature (including enchantment [charm] effects and enchantment [compulsion] effects such as *charm person*, *command*, and *dominate person*). This saving throw is made with a +2 morale bonus, using the same DC as the original effect. If successful, such effects are suppressed for the duration of this spell. The effects resume when the duration of this spell expires. While under the effects of this spell, the target is immune to any new attempts to possess or exercise mental control over the target. This spell does not expel a controlling life force (such as a ghost or spellcaster using *magic jar*), but it does prevent them from

controlling the target. This second effect only functions against spells and effects created by evil creatures or objects, subject to GM discretion.

Third, the spell prevents bodily contact by evil summoned creatures. This causes the natural weapon attacks of such creatures to fail and the creatures to recoil if such attacks require touching the warded creature. Summoned creatures that are not evil are immune to this effect. The protection against contact by summoned creatures ends if the warded creature makes an attack against or tries to force the barrier against the blocked creature. Spell resistance can allow a creature to overcome this protection and touch the warded creature.

### Ray of Frost

**School** evocation [cold]; **Level** sorcerer/wizard 0

**Casting Time** 1 standard action

**Components** V, S

**Range** close (25 ft. + 5 ft./2 levels)

**Effect** ray

**Duration** instantaneous

**Saving Throw** none; **Spell Resistance** yes

A ray of freezing air and ice projects from your pointing finger. You must succeed on a ranged touch attack with the ray to deal damage to a target. The ray deals 1d3 points of cold damage.

### Scorching Ray

**School** evocation [fire]; **Level** sorcerer/wizard 2

**Casting Time** 1 standard action

**Components** V, S

**Range** close (25 ft. + 5 ft./2 levels)

**Effect** one or more rays

**Duration** instantaneous

**Saving Throw** none; **Spell Resistance** yes

You blast your enemies with a searing beam of fire. You may fire one ray, plus one additional ray for every four levels beyond 3rd (to a maximum of three rays at 11th level). Each ray requires a ranged touch attack to hit and deals 4d6 points of fire damage. The rays may be fired at the same or different targets, but all rays must be aimed at targets within 30 feet of each other and fired simultaneously.

### Shocking Grasp (X2)

**School** evocation [electricity]; **Level** sorcerer/wizard 1

**Casting Time** 1 standard action

**Components** V, S

**Range** touch

**Target** creature or object touched

**Duration** instantaneous

**Saving Throw** none; **Spell Resistance** yes

Your successful melee touch attack deals 1d6 points of electricity damage per caster level (maximum 5d6). When delivering the jolt, you gain a +3 bonus on attack rolls if the opponent is wearing metal armor (or is carrying a metal weapon or is made of metal).

### Stinking Cloud (DC 18)

**School** conjuration (creation); **Level** sorcerer/wizard 3

**Casting Time** 1 standard action

**Components** V, S, M (a rotten egg or cabbage leaves)

**Range** medium (100 ft. + 10 ft./level)

**Effect** cloud spreads in 20-ft. radius, 20 ft. high

**Duration** 1 round/level

**Saving Throw** Fortitude negates; see text;

**Spell Resistance** no

*Stinking cloud* creates a bank of fog like that created by *fog cloud*, except that the vapors are nauseating. Living creatures in the cloud become nauseated. This condition lasts as long as the creature is in the cloud and for 1d4+1 rounds after it leaves. (Roll separately for each nauseated character.) Any creature that succeeds on its save but remains in the cloud must continue to save each round on your turn. This is a poison effect.

*Stinking cloud* can be made permanent with a *permanency* spell. A permanent *stinking cloud* dispersed by wind reforms in 10 minutes.

### Stoneskin

**School** abjuration; **Level** druid 5, sorcerer/wizard 4

**Casting Time** 1 standard action

**Components** V, S, M (granite and diamond dust worth 250 gp)

**Range** touch

**Target** creature touched

**Duration** 10 min./level or until discharged

**Saving Throw** Will negates (harmless); **Spell Resistance** yes (harmless)

The warded creature gains resistance to blows, cuts, stabs, and slashes. The subject gains DR 10/adamantine. It ignores the first 10

points of damage each time it takes damage from a weapon, though an adamantite weapon bypasses the reduction. Once the spell has prevented a total of 10 points of damage per caster level (maximum 150 points), it is discharged.

## **Web (DC 17)**

**School** conjuration (creation); **Level** sorcerer/wizard 2

**Casting Time** 1 standard action

**Components** V, S, M (spider web)

**Range** medium (100 ft. + 10 ft./level)

**Effect** webs in a 20-ft.-radius spread

**Duration** 10 min./level (D)

**Saving Throw** Reflex negates; see text; **Spell**

**Resistance** no

*Web* creates a many-layered mass of strong, sticky strands. These strands trap those caught in them. The strands are similar to spiderwebs but far larger and tougher. These masses must be anchored to two or more solid and diametrically opposed points or else the web collapses upon itself and disappears. Creatures caught within a web become grappled by the sticky fibers. Attacking a creature in a web doesn't cause you to become grappled.

Anyone in the effect's area when the spell is cast must make a Reflex save. If this

save succeeds, the creature is inside the web but is otherwise unaffected. If the save fails, the creature gains the grappled condition, but can break free by making a combat maneuver check or Escape Artist check as a standard action against the DC of this spell. The entire area of the web is considered difficult terrain. Anyone moving through the webs must make a combat maneuver check or Escape Artist check as part of their move action, with a DC equal to the spell's DC. Creatures that fail lose their movement and become grappled in the first square of webbing that they enter.

If you have at least 5 feet of web between you and an opponent, it provides cover. If you have at least 20 feet of web between you, it provides total cover.

The strands of a *web* spell are flammable. A *flaming weapon* can slash them away as easily as a hand brushes away cobwebs. Any fire can set the webs alight and burn away one 5-foot square in 1 round. All creatures within flaming webs take 2d4 points of fire damage from the flames.

*Web* can be made permanent with a *permanency* spell. A permanent web that is damaged (but not destroyed) regrows in 10 minutes.

# Pech Spells

## Stone Shape (3/day)

**School** transmutation [earth]; **Level** cleric 3, druid 3, sorcerer/wizard 4

**Casting Time** 1 standard action

**Components** V, S, M/DF (soft clay)

**Range** touch

**Target** stone or stone object touched, up to 10 cu. ft. + 1 cu. ft./level

**Duration** instantaneous

**Saving Throw** none; **Spell Resistance** no

You can form an existing piece of stone into any shape that suits your purpose. While it's possible to make crude coffers, doors, and so forth with *stone shape*, fine detail isn't possible. There is a 30% chance that any shape including moving parts simply doesn't work.

## Stone Tell (3/day)

**School** divination; **Level** druid 6

**Casting Time** 10 minutes

**Components** V, S, DF

**Range** personal

**Target** you

**Duration** 1 min./level

You gain the ability to speak with stones, which relate to you who or what has touched them as well as revealing what is covered or concealed behind or under them. The stones relate complete descriptions if asked. A stone's perspective, perception, and knowledge may prevent the stone from providing the details you are looking for. You can speak with natural or worked stone.
