

Imlathre Tier 14-15, Oracle 17 – Spells

Bleed

Oracle 0

School necromancy

Casting Time 1 standard action

Components V, S

Range close (25 + 5 ft./2 levels)

Target one living creature

Duration instantaneous

Saving Throw DC 15 Will negates; **Spell Resistance** yes

You cause a living creature that is below 0 hit points but stabilized to resume dying. Upon casting this spell, you target a living creature that has -1 or fewer hit points. That creature begins dying, taking 1 point of damage per round. The creature can be stabilized later normally. This spell causes a creature that is dying to take 1 point of damage.

Create Water

Oracle 0

School conjuration (creation) [water]

Casting Time 1 standard action

Components V, S

Range close (25 + 5 ft./2 levels)

Effect up to 2 gallons of water/level

Duration instantaneous

Saving Throw none; **Spell Resistance** no

This spell generates wholesome, drinkable water, just like clean rain water. Water can be created in an area as small as will actually contain the liquid, or in an area three times as large - possibly creating a downpour or filling many small receptacles. This water disappears after 1 day if not consumed.

Note: Conjunction spells can't create substances or objects within a creature. Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds.

Detect Magic

Oracle 0

School divination

Casting Time 1 standard action

Components V, S

Range 60 ft.

Area cone-shaped emanation

Duration concentration, up to 1 min./level (D)

Saving Throw none; **Spell Resistance** no

You detect magical auras. The amount of information revealed depends on how long you study a particular area or subject.

1st Round: Presence or absence of magical auras.

2nd Round: Number of different magical auras and the power of the most potent aura.

3rd Round: The strength and location of each aura. If the items or creatures bearing the auras are in line of sight, you can make Knowledge (arcana) skill checks to determine the school of magic involved in each. (Make one check per aura: DC 15 + spell level, or 15 + 1/2 caster level for a nonspell effect.) If the aura emanates from a magic item, you can attempt to identify its properties (see Spellcraft).

Magical areas, multiple types of magic, or strong local magical emanations may distort or conceal weaker auras.

Aura Strength: An aura's power depends on a spell's functioning spell level or an item's caster level; see the accompanying table. If an aura falls into more than one category, *detect magic* indicates the stronger of the two.

Lingering Aura: A magical aura lingers after its original source dissipates (in the case of a spell) or is destroyed (in the case of a magic item). If *detect magic* is cast and directed at such a location, the spell indicates an aura strength of dim (even weaker than a faint aura). How long the aura lingers at this dim level depends on its original power:

Original Strength - Duration of Lingering Aura

Faint - 1d6 rounds

Moderate - 1d6 minutes

Strong - 1d6 x 10 minutes

Overwhelming - 1d6 days

Outsiders and elementals are not magical in themselves, but if they are summoned, the conjuration spell registers. Each round, you can turn to detect magic in a new area. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it.

Detect magic can be made permanent with a *permanency* spell.

Detect Poison

Oracle 0

School divination

Casting Time 1 standard action

Components V, S

Range close (25 + 5 ft./2 levels)

Target one creature, one object, or a 5-ft. cube

Duration instantaneous

Saving Throw none; **Spell Resistance** no

You determine whether a creature, object, or area has been poisoned or is poisonous. You can determine the exact type of poison with a DC 20 Wisdom check. A character with the Craft (alchemy) skill may try a DC 20 Craft (alchemy) check if the Wisdom check fails, or may try the Craft (alchemy) check prior to the Wisdom check. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it.

Imlathre Tier 14-15, Oracle 17 – Spells

Guidance Oracle 0

School divination / void elemental
Casting Time 1 standard action
Components V, S
Range touch
Target creature touched
Duration 1 minute or until discharged
Saving Throw Will negates (harmless); **Spell Resistance** yes

This spell imbues the subject with a touch of divine guidance. The creature gets a +1 competence bonus on a single attack roll, saving throw, or skill check. It must choose to use the bonus before making the roll to which it applies.

Light Oracle 0

School evocation / wood elemental [light]
Casting Time 1 standard action
Components V, M/DF (a firefly)
Range touch
Target object touched
Duration 10 min./level
Saving Throw none; **Spell Resistance** no

This spell causes a touched object to glow like a torch, shedding normal light in a 20-foot radius, and increasing the light level for an additional 20 feet by one step, up to normal light (darkness becomes dim light, and dim light becomes normal light). In an area of normal or bright light, this spell has no effect. The effect is immobile, but it can be cast on a movable object. You can only have one light spell active at any one time. If you cast this spell while another casting is still in effect, the previous casting is dispelled. If you make this spell permanent (through permanency or a similar effect), it does not count against this limit.

Light can be used to counter or dispel any darkness spell of equal or lower spell level.

Mending Oracle 0

School transmutation / metal elemental
Casting Time 10 minutes
Components V, S
Range 10 ft.
Target one object of up to 1 lb./level
Duration instantaneous
Saving Throw Will negates (harmless, object); **Spell Resistance** yes (harmless, object)

This spell repairs damaged objects, restoring 1d4 hit points to the object. If the object has the broken condition, this condition is removed if the object is restored to at least half its original hit points. All of the pieces of an object must be present for this spell to function. Magic items can be repaired by this spell, but you must have a caster level equal to or higher than that of the object. Magic items that are destroyed (at 0 hit points or less) can be repaired with this spell, but this spell does not restore their magic abilities. This spell does not affect creatures (including constructs). This spell has no effect on objects that have been warped or otherwise transmuted, but it can still repair damage done to such items.

Read Magic Oracle 0

School divination
Casting Time 1 standard action
Components V, S, F (a clear crystal or mineral prism)
Range personal
Target you
Duration 10 min./level

You can decipher magical inscriptions on objects - books, scrolls, weapons, and the like - that would otherwise be unintelligible. This deciphering does not normally invoke the magic contained in the writing, although it may do so in the case of a cursed or trapped scroll. Furthermore, once the spell is cast and you have read the magical inscription, you are thereafter able to read that particular writing without recourse to the use of read magic. You can read at the rate of one page (250 words) per minute. The spell allows you to identify a glyph of warding with a DC 13 Spellcraft check, a greater glyph of warding with a DC 16 Spellcraft check, or any symbol spell with a Spellcraft check (DC 10 + spell level).

Read magic can be made permanent with a permanency spell.

Resistance Oracle 0

School abjuration
Casting Time 1 standard action
Components V, S, M/DF (a miniature cloak)
Range touch
Target creature touched
Duration 1 minute
Saving Throw Will negates (harmless); **Spell Resistance** yes (harmless)

You imbue the subject with magical energy that protects it from harm, granting it a +1 resistance bonus on saves.

Resistance can be made permanent with a permanency spell.

Command Oracle 1

School enchantment (compulsion) [mind-affecting, language-dependent]
Casting Time 1 standard action
Components V
Range close (25 + 5 ft./2 levels)
Target one living creature
Duration 1 round
Saving Throw DC 16 Will negates; **Spell Resistance** yes

You give the subject a single command, which it obeys to the best of its ability at its earliest opportunity. You may select from the following options.

Approach: On its turn, the subject moves toward you as quickly and directly as possible for 1 round. The creature may do nothing but move during its turn, and it provokes attacks of opportunity for this movement as normal.

Drop: On its turn, the subject drops whatever it is holding. It can't pick up any dropped item until its next turn.

Fall: On its turn, the subject falls to the ground and remains prone for 1 round. It may act normally while prone but takes any appropriate penalties.

Flee: On its turn, the subject moves away from you as quickly as possible for 1 round. It may do nothing but move during its turn, and it provokes attacks of opportunity for this movement as normal.

Halt: The subject stands in place for 1 round. It may not take any actions but is not considered helpless. If the subject can't carry out your command on its next turn, the spell automatically fails.

Cure Light Wounds

Oracle 1

School conjuration (healing)
Casting Time 1 standard action
Components V, S
Range touch
Target creature touched
Duration instantaneous
Saving Throw Will half (harmless); see text; **Spell Resistance** yes (harmless); see text

When laying your hand upon a living creature, you channel positive energy that cures 1d8 points of damage + 1 point per caster level (maximum +5). Since undead are powered by negative energy, this spell deals damage to them instead of curing their wounds. An undead creature can apply spell resistance, and can attempt a Will save to take half damage.

Doom

Oracle 1

School necromancy [fear, mind-affecting]
Casting Time 1 standard action
Components V, S, DF
Range medium (100 + 10 ft./level)
Target one living creature
Duration 1 min./level
Saving Throw DC 16 Will negates; **Spell Resistance** yes

This spell fills a single subject with a feeling of horrible dread that causes it to become shaken.

Entropic Shield

Oracle 1

School abjuration
Casting Time 1 standard action
Components V, S
Range personal
Target you
Duration 1 min./level (D)

A magical field appears around you, glowing with a chaotic blast of multicolored hues. This field deflects incoming arrows, rays, and other ranged attacks. Each ranged attack directed at you for which the attacker must make an attack roll has a 20% miss chance (similar to the effects of concealment). Other attacks that simply work at a distance are not affected.

Magic Weapon

Oracle 1

School transmutation / metal elemental
Casting Time 1 standard action
Components V, S, DF
Range touch
Target weapon touched
Duration 1 min./level
Saving Throw Will negates (harmless, object); **Spell Resistance** yes (harmless, object)

Magic weapon gives a weapon a +1 enhancement bonus on attack and damage rolls. An enhancement bonus does not stack with a masterwork weapon's +1 bonus on attack rolls. You can't cast this spell on a natural weapon, such as an unarmed strike (instead, see magic fang). A monk's unarmed strike is considered a weapon, and thus it can be enhanced by this spell.

Sanctuary

Oracle 1

School abjuration
Casting Time 1 standard action
Components V, S, DF
Range touch
Target creature touched
Duration 1 round/level
Saving Throw DC 16 Will negates; **Spell Resistance** no

Any opponent attempting to directly attack the warded creature, even with a targeted spell, must attempt a Will save. If the save succeeds, the opponent can attack normally and is unaffected by that casting of the spell. If the save fails, the opponent can't follow through with the attack, that part of its action is lost, and it can't directly attack the warded creature for the duration of the spell. Those not attempting to attack the subject remain unaffected. This spell does not prevent the warded creature from being attacked or affected by area of effect spells. The subject cannot attack without breaking the spell but may use nonattack spells or otherwise act.

Shield of Faith

Oracle 1

School abjuration
Casting Time 1 standard action
Components V, S, M (parchment with a holy text written on it)
Range touch
Target creature touched
Duration 1 min./level
Saving Throw Will negates (harmless); **Spell Resistance** yes (harmless)

This spell creates a shimmering, magical field around the target that averts and deflects attacks. The spell grants the subject a +2 deflection bonus to AC, with an additional +1 to the bonus for every six levels you have (maximum +5 deflection bonus at 18th level).

Calm Emotions

Oracle 2

School enchantment (compulsion) [emotion, mind-affecting]
Casting Time 1 standard action
Components V, S, DF
Range medium (100 + 10 ft./level)
Area creatures in a 20-ft.-radius spread
Duration concentration, up to 1 round/level (D)
Saving Throw DC 17 Will negates; **Spell Resistance** yes

This spell calms agitated creatures. You have no control over the affected creatures, but calm emotions can stop raging creatures from fighting or joyous ones from reveling. Creatures so affected cannot take violent actions (although they can defend themselves) or do anything destructive. Any aggressive action against or damage dealt to a calmed creature immediately breaks the spell on all calmed creatures. This spell automatically suppresses (but does not dispel) any morale bonuses granted by spells such as bless, good hope, and rage, and also negates a bard's ability to inspire courage or a barbarian's rage ability. It also suppresses any fear effects and removes the confused condition from all targets. While the spell lasts, a suppressed spell, condition, or effect has no effect. When the calm emotions spell ends, the original spell or effect takes hold of the creature again, provided that its duration has not expired in the meantime.

Cure Moderate Wounds

Oracle 2

School conjuration (healing)
Casting Time 1 standard action
Components V, S
Range touch
Target creature touched
Duration instantaneous
Saving Throw Will half (harmless); see text; **Spell Resistance** yes (harmless); see text

This spell functions like *cure light wounds*, except that it cures 2d8 points of damage + 1 point per caster level (maximum +10).

Cure Light Wounds

When laying your hand upon a living creature, you channel positive energy that cures 1d8 points of damage + 1 point per caster level (maximum +5). Since undead are powered by negative energy, this spell deals damage to them instead of curing their wounds. An undead creature can apply spell resistance, and can attempt a Will save to take half damage.

Dust of Twilight

Oracle 2

School conjuration [darkness]
Casting Time 1 standard action
Components V, S, M (coal dust)
Range medium (100 + 10 ft./level)
Target creatures and objects in a 10-ft. spread
Duration instantaneous
Saving Throw DC 17 Fortitude negates (fatigue only); **Spell Resistance** no

A shower of iridescent black particles clings to and extinguishes torches, lanterns, sunrods, and similar mundane light sources and dispels any spell of 2nd level or lower with the light descriptor (as *dispel magic*). Creatures in the area must make a Fortitude save or become fatigued.

Dispel Magic

You can use dispel magic to end one ongoing spell that has been cast on a creature or object, to temporarily suppress the magical abilities of a magic item, or to counter another spellcaster's spell. A dispelled spell ends as if its duration had expired. Some spells, as detailed in their descriptions, can't be defeated by dispel magic. Dispel magic can dispel (but not counter) spell-like effects just as it does spells. The effect of a spell with an instantaneous duration can't be dispelled, because the magical effect is already over before the dispel magic can take effect. You choose to use dispel magic in one of two ways: a targeted dispel or a counterspell.

Targeted Dispel: One object, creature, or spell is the target of the dispel magic spell. You make one dispel check (1d20 + your caster level) and compare that to the spell with highest caster level (DC = 11 + the spell's caster level). If successful, that spell ends. If not, compare the same result to the spell with the next highest caster level. Repeat this process until you have dispelled one spell affecting the target, or you have failed to dispel every spell. For example, a 7th-level caster casts dispel magic, targeting a creature affected by stoneskin (caster level 12th) and fly (caster level 6th). The caster level check results in a 19. This check is not high enough to end the stoneskin (which would have required a 23 or higher), but it is high enough to end the fly (which only required a 17). Had the dispel check resulted in a 23 or higher, the stoneskin would have been dispelled, leaving the fly intact. Had the dispel check been a 16 or less, no spells would have been affected. You can also use a targeted dispel to specifically end one spell affecting the target or one spell affecting an area (such as a wall of fire). You must name the specific spell effect to be targeted in this way. If your caster level check is equal to or higher than the DC of that spell, it ends. No other spells or effects on the target are dispelled if your check is not high enough to end the targeted effect. If you target an object or creature that is the effect of an ongoing spell (such as a monster summoned by *summon monster*), you make a dispel check to end the spell that conjured the object or creature. If the object that you target is a magic item, you make a dispel check against the item's caster level (DC = 11 + the item's caster level). If you succeed, all the item's magical properties are suppressed for 1d4 rounds, after which the item recovers its magical properties. A suppressed item becomes nonmagical for the duration of the effect. An interdimensional opening (such as a bag of holding) is temporarily closed. A magic item's physical properties are unchanged: A suppressed magic sword is still a sword (a masterwork sword, in fact). Artifacts and deities are unaffected by mortal magic such as this. You automatically succeed on your dispel check against any spell that you cast yourself.

Counterspell: When dispel magic is used in this way, the spell targets a spellcaster and is cast as a counterspell. Unlike a true counterspell, however, dispel magic may not work; you must make a dispel check to counter the other spellcaster's spell.

Appears in: Advanced Player's Guide

Hold Person Oracle 2

School enchantment (compulsion) [mind-affecting]
Casting Time 1 standard action
Components V, S, F/DF
Range medium (100 + 10 ft./level)
Target one humanoid creature
Duration 1 round/level (D); see text
Saving Throw DC 17 Will negates; see text; **Spell Resistance** yes

The subject becomes paralyzed and freezes in place. It is aware and breathes normally but cannot take any actions, even speech. Each round on its turn, the subject may attempt a new saving throw to end the effect. This is a full-round action that does not provoke attacks of opportunity. A winged creature who is paralyzed cannot flap its wings and falls. A swimmer can't swim and may drown.

Resist Energy Oracle 2

School abjuration / all elements
Casting Time 1 standard action
Components V, S, DF
Range touch
Target creature touched
Duration 10 min./level
Saving Throw Fortitude negates (harmless); **Spell Resistance** yes (harmless)

This abjuration grants a creature limited protection from damage of whichever one of five energy types you select: acid, cold, electricity, fire, or sonic. The subject gains resist energy 10 against the energy type chosen, meaning that each time the creature is subjected to such damage (whether from a natural or magical source), that damage is reduced by 10 points before being applied to the creature's hit points. The value of the energy resistance granted increases to 20 points at 7th level and to a maximum of 30 points at 11th level. The spell protects the recipient's equipment as well.

Resist energy absorbs only damage. The subject could still suffer unfortunate side effects.

Resist energy overlaps (and does not stack with) protection from energy. If a character is warded by protection from energy and resist energy, the protection spell absorbs damage until its power is exhausted.

Silence Oracle 2

School illusion (glamer)
Casting Time 1 round
Components V, S
Range long (400 + 40 ft./level)
Area 20-ft.-radius emanation centered on a creature, object, or point in space
Duration 1 round/level (D)
Saving Throw DC 17 Will negates; see text or none (object); **Spell Resistance** yes; see text or no (object)

Upon the casting of this spell, complete silence prevails in the affected area. All sound is stopped: Conversation is impossible, spells with verbal components cannot be cast, and no noise whatsoever issues from, enters, or passes through the area. The spell can be cast on a point in space, but the effect is stationary unless cast on a mobile object. The spell can be centered on a creature, and the effect then radiates from the creature and moves as it moves. An unwilling creature can attempt a Will save to negate the spell and can use spell resistance, if any. Items in a creature's possession or magic items that emit sound receive the benefits of saves and spell resistance, but unattended objects and points in space do not. Creatures in an area of a silence spell are immune to sonic or language-based attacks, spells, and effects.

Spiritual Weapon Oracle 2

School evocation [force]
Casting Time 1 standard action
Components V, S, DF
Range medium (100 + 10 ft./level)
Effect magic weapon of force
Duration 1 round/level (D)
Saving Throw none; **Spell Resistance** yes

A weapon made of force appears and attacks foes at a distance, as you direct it, dealing 1d8 force damage per hit, + 1 point per three caster levels (maximum +5 at 15th level). The weapon takes the shape of a weapon favored by your deity or a weapon with some spiritual significance or symbolism to you (see below) and has the same threat range and critical multipliers as a real weapon of its form. It strikes the opponent you designate, starting with one attack in the round the spell is cast and continuing each round thereafter on your turn. It uses your base attack bonus (possibly allowing it multiple attacks per round in subsequent rounds) plus your Wisdom modifier as its attack bonus. It strikes as a spell, not as a weapon, so for example, it can damage creatures that have damage reduction. As a force effect, it can strike incorporeal creatures without the reduction in damage associated with incorporeality. The weapon always strikes from your direction. It does not get a flanking bonus or help a combatant get one. Your feats or combat actions do not affect the weapon. If the weapon goes beyond the spell range, if it goes out of your sight, or if you are not directing it, the weapon returns to you and hovers. Each round after the first, you can use a move action to redirect the weapon to a new target. If you do not, the weapon continues to attack the previous round's target. On any round that the weapon switches targets, it gets one attack. Subsequent rounds of attacking that target allow the weapon to make multiple attacks if your base attack bonus would allow it to. Even if the spiritual weapon is a ranged weapon, use the spell's range, not the weapon's normal range increment, and switching targets still is a move action. A spiritual weapon cannot be attacked or harmed by physical attacks, but dispel magic, disintegrate, a sphere of annihilation, or a rod of cancellation affects it. A spiritual weapon's AC against touch attacks is 12 (10 + size bonus for Tiny object). If an attacked creature has spell resistance, you make a caster level check (1d20 + caster level) against that spell resistance the first time the spiritual weapon strikes it. If the weapon is successfully resisted, the spell is dispelled. If not, the weapon has its normal full effect on that creature for the duration of the spell. The weapon that you get is often a force replica of your deity's own personal weapon. A cleric without a deity gets a weapon based on his alignment. A neutral cleric without a deity can create a spiritual weapon of any alignment, provided he is acting at least generally in accord with that alignment at the time. The weapons associated with each alignment are as follows: chaos (battleaxe), evil (light flail), good (warhammer), law (longsword).

Blindness/Deafness Oracle 3

School necromancy
Casting Time 1 standard action
Components V
Range medium (100 + 10 ft./level)
Target one living creature
Duration permanent (D)
Saving Throw DC 18 Fortitude negates; **Spell Resistance** yes

You call upon the powers of unlife to render the subject blinded or deafened, as you choose.

Cure Serious Wounds

Oracle 3

School conjuration (healing)

Casting Time 1 standard action

Components V, S

Range touch

Target creature touched

Duration instantaneous

Saving Throw Will half (harmless); see text; **Spell Resistance** yes (harmless); see text

This spell functions like *cure light wounds*, except that it cures 3d8 points of damage + 1 point per caster level (maximum +15).

Cure Light Wounds

When laying your hand upon a living creature, you channel positive energy that cures 1d8 points of damage + 1 point per caster level (maximum +5). Since undead are powered by negative energy, this spell deals damage to them instead of curing their wounds. An undead creature can apply spell resistance, and can attempt a Will save to take half damage.

Deeper Darkness

Oracle 3

School evocation [darkness]

Casting Time 1 standard action

Components V, M/DF (bat fur and a piece of coal)

Range touch

Target object touched

Duration 10 min./level (D)

Saving Throw none; **Spell Resistance** no

This spell functions as *darkness*, except that objects radiate darkness in a 60-foot radius and the light level is lowered by two steps. Bright light becomes dim light and normal light becomes darkness. Areas of dim light and darkness become supernaturally dark. This functions like *darkness*, but even creatures with darkvision cannot see within the spell's confines. This spell does not stack with itself. *Deeper darkness* can be used to counter or dispel any light spell of equal or lower spell level.

Darkness

This spell causes an object to radiate darkness out to a 20-foot radius. This darkness causes the illumination level in the area to drop one step, from bright light to normal light, from normal light to dim light, or from dim light to darkness. This spell has no effect in an area that is already dark. Creatures with light vulnerability or sensitivity take no penalties in normal light. All creatures gain concealment (20% miss chance) in dim light. All creatures gain total concealment (50% miss chance) in darkness. Creatures with darkvision can see in an area of dim light or darkness without penalty. Nonmagical sources of light, such as torches and lanterns, do not increase the light level in an area of darkness. Magical light sources only increase the light level in an area if they are of a higher spell level than darkness. If darkness is cast on a small object that is then placed inside or under a lightproof covering, the spell's effect is blocked until the covering is removed. This spell does not stack with itself. Darkness can be used to counter or dispel any light spell of equal or lower spell level.

Dispel Magic

Oracle 3

School abjuration / void elemental

Casting Time 1 standard action

Components V, S

Range medium (100 + 10 ft./level)

Target one spellcaster, creature, or object

Duration instantaneous

Saving Throw none; **Spell Resistance** no

You can use dispel magic to end one ongoing spell that has been cast on a creature or object, to temporarily suppress the magical abilities of a magic item, or to counter another spellcaster's spell. Protection from Energy Oracle 3

School abjuration / all elements
Casting Time 1 standard action
Components V, S, DF
Range touch
Target creature touched
Duration 10 min./level or until discharged
Saving Throw Fortitude negates (harmless); **Spell Resistance** yes (harmless)

Protection from energy grants temporary immunity to the type of energy you specify when you cast it (acid, cold, electricity, fire, or sonic). When the spell absorbs 12 points per caster level of energy damage (to a maximum of 120 points at 10th level), it is discharged.

Protection from energy overlaps (and does not stack with) resist energy. If a character is warded by protection from energy and resist energy, the protection spell absorbs damage until its power is exhausted.

Tongues Oracle 3

School divination / wood elemental
Casting Time 1 standard action
Components V, M/DF (a clay model of a ziggurat)
Range touch
Target creature touched
Duration 10 min./level
Saving Throw Will negates (harmless); **Spell Resistance** no

This spell grants the creature touched the ability to speak and understand the language of any intelligent creature, whether it is a racial tongue or a regional dialect. The subject can speak only one language at a time, although it may be able to understand several languages. Tongues does not enable the subject to speak with creatures who don't speak. The subject can make itself understood as far as its voice carries. This spell does not predispose any creature addressed toward the subject in any way.

Tongues can be made permanent with a permanency spell.

Air Walk Oracle 4

School transmutation [air]
Casting Time 1 standard action
Components V, S, DF
Range touch
Target creature (Gargantuan or smaller) touched
Duration 10 min./level
Saving Throw none; **Spell Resistance** yes (harmless)

The subject can tread on air as if walking on solid ground. Moving upward is similar to walking up a hill. The maximum upward or downward angle possible is 45 degrees, at a rate equal to half the air walker's normal speed. A strong wind (21+ miles per hour) can push the subject along or hold it back. At the end of a creature's turn each round, the wind blows the air walker 5 feet for each 5 miles per hour of wind speed. The creature may be subject to additional penalties in exceptionally strong or turbulent winds, such as loss of control over movement or physical damage from being buffeted about. Should the spell duration expire while the subject is still aloft, the magic fails slowly. The subject floats downward 60 feet per round for 1d6 rounds. If it reaches the ground in that amount of time, it lands safely. If not, it falls the rest of the distance, taking 1d6 points of damage per 10 feet of fall. Since dispelling a spell effectively ends it, the subject also descends in this way if the air walk spell is dispelled, but not if it is negated by an antimagic field. You can cast air walk on a specially trained mount so it can be ridden through the air. You can train a mount to move with the aid of air walk (counts as a trick; see Handle Animal skill) with 1 week of work and a DC 25 Handle Animal check.

Black Tentacles Oracle 4

School conjuration (creation)
Casting Time 1 standard action
Components V, S, M (octopus or squid tentacle)
Range medium (100 + 10 ft./level)
Area 20-ft.-radius spread
Duration 1 round/level (D)
Saving Throw none; **Spell Resistance** no

This spell causes a field of rubbery black tentacles to appear, burrowing up from the floor and reaching for any creature in the area. Every creature within the area of the spell is the target of a combat maneuver check made to grapple each round at the beginning of your turn, including the round that black tentacles is cast. Creatures that enter the area of effect are also automatically attacked. The tentacles do not provoke attacks of opportunity. When determining the tentacles' CMB, the tentacles use your caster level as their base attack bonus and receive a +4 bonus due to their Strength and a +1 size bonus. Roll only once for the entire spell effect each round and apply the result to all creatures in the area of effect.

If the tentacles succeed in grappling a foe, that foe takes 1d6+4 points of damage and gains the grappled condition. Grappled opponents cannot move without first breaking the grapple. All other movement is prohibited unless the creature breaks the grapple first. The black tentacles spell receives a +5 bonus on grapple checks made against opponents it is already grappling, but cannot move foes or pin foes. Each round that black tentacles succeeds on a grapple check, it deals an additional 1d6+4 points of damage. The CMD of black tentacles, for the purposes of escaping the grapple, is equal to 10 + its CMB. The tentacles created by this spell cannot be damaged, but they can be dispelled as normal. The entire area of effect is considered difficult terrain while the tentacles last.

Blessing of Fervor Oracle 4

School transmutation
Casting Time 1 standard action
Components V, S, DF
Range close (25 + 5 ft./2 levels)
Target one creature/level, no two of which can be more than 30 ft. apart
Duration 1 round/level
Saving Throw DC 19 Fortitude negates (harmless); **Spell Resistance** yes (harmless)

With this blessing, you call your allies to move forth and empower them to conquer and become victorious. Each round for the duration of this spell, each of your allies can choose one of the following bonuses for that round at the beginning of its turn (their choice).

- Increase its speed by 30 feet.
- Stand up as a swift action without provoking an attack of opportunity.
- Make one extra attack as part of a full attack action, using its highest base attack bonus.
 - Gain a +2 bonus on attack rolls and a +2 dodge bonus to AC and Reflex saves.
 - Cast a single spell of 2nd level or lower as if it were an enlarged, extended, silent, or still spell.

These effects are not cumulative with similar effects, such as those provided by haste or a speed weapon, nor do they actually grant an extra action, so you can't use it to cast a second spell or otherwise take an extra action in the round. Blessing of fervor does not stack with haste.

Cure Critical Wounds

Oracle 4

School conjuration (healing)
Casting Time 1 standard action
Components V, S
Range touch
Target creature touched
Duration instantaneous
Saving Throw Will half (harmless); see text; **Spell Resistance** yes (harmless); see text

This spell functions like *cure light wounds*, except that it cures 4d8 points of damage + 1 point per caster level (maximum +20).

Cure Light Wounds

When laying your hand upon a living creature, you channel positive energy that cures 1d8 points of damage + 1 point per caster level (maximum +5). Since undead are powered by negative energy, this spell deals damage to them instead of curing their wounds. An undead creature can apply spell resistance, and can attempt a Will save to take half damage.

Death Ward

Oracle 4

School necromancy
Casting Time 1 standard action
Components V, S, DF
Range touch
Target living creature touched
Duration 1 min./level
Saving Throw Will negates (harmless); **Spell Resistance** yes (harmless)

The subject gains a +4 morale bonus on saves against all death spells and magical death effects. The subject is granted a save to negate such effects even if one is not normally allowed. The subject is immune to energy drain and any negative energy effects, including channeled negative energy. This spell does not remove negative levels that the subject has already gained, but it does remove the penalties from negative levels for the duration of its effect.

Death ward does not protect against other sorts of attacks, even if those attacks might be lethal.

Spiritual Ally

Oracle 4

School evocation [force]
Casting Time 1 standard action
Components V, S, DF
Range medium (100 + 10 ft./level)
Effect spiritual ally of force
Duration 1 round/level (D)
Saving Throw none; **Spell Resistance** yes

An ally made of pure force appears in a single 5-foot square within range. The ally takes the form of a servant of your god. The spiritual ally occupies its space, though you and your allies can move through it, since it is your ally. The spiritual ally carries a single weapon, one favored by your deity (as for spiritual weapon), which has the same threat range and critical modifiers as a real weapon of its form. Each round on your turn, starting with the turn that you cast this spell, your spiritual ally can make an attack against a foe within its reach that you designate. The spiritual ally threatens adjacent squares and can flank and make attacks of opportunity as if it were a normal creature. The spiritual ally uses your base attack bonus (gaining extra attacks if your base attack bonus is high enough) plus your Wisdom bonus when it makes a melee attack. When the spiritual ally hits, it deals 1d10 points of force damage + 1 point of damage per 3 caster levels (maximum +5 at 15th level). It strikes as a spell, not a weapon, so it bypasses DR and can affect incorporeal creatures. Each round after the first, you can move the spiritual ally as a swift action. It has a speed of 30 feet, and a fly speed of 30 feet (perfect maneuverability). Being a construct of force, the spiritual ally cannot be harmed by any physical attacks, but dispel magic, disintegrate, a sphere of annihilation, or a rod of cancellation affects it. A spiritual ally's AC against touch attacks is 10. If an attacked creature has spell resistance, you make a caster level check (1d20 + caster level) against that spell resistance the first time the spiritual ally strikes it. If the ally is successfully resisted, the spell is dispelled. If not, the weapon has its normal full effect on that creature for the duration of the spell.

Cure Light Wounds, Mass

Oracle 5

School conjuration (healing)
Casting Time 1 standard action
Components V, S
Range close (25 + 5 ft./2 levels)
Target one creature/level, no two of which can be more than 30 ft. apart
Duration instantaneous
Saving Throw Will half (harmless) or Will half; see text; **Spell Resistance** yes (harmless) or yes; see text

You channel positive energy to cure 1d8 points of damage + 1 point per caster level (maximum +25) on each selected creature. Like other cure spells, mass cure light wounds deals damage to undead in its area rather than curing them. Each affected undead may attempt a Will save for half damage.

Feeblemind

Oracle 5

School enchantment (compulsion) [mind-affecting]
Casting Time 1 standard action
Components V, S, M (a handful of clay, crystal, or glass spheres)
Range medium (100 + 10 ft./level)
Target one creature
Duration instantaneous
Saving Throw DC 20 Will negates; see text; **Spell Resistance** yes

Target creature's Intelligence and Charisma scores each drop to 1. The affected creature is unable to use Intelligence- or Charisma based skills, cast spells, understand language, or communicate coherently. Still, it knows who its friends are and can follow them and even protect them. The subject remains in this state until a heal, limited wish, miracle, or wish spell is used to cancel the effect of the feeblemind. A creature that can cast arcane spells, such as a sorcerer or a wizard, takes a -4 penalty on its saving throw.

Flame Strike

Oracle 5

School evocation [fire]
Casting Time 1 standard action
Components V, S, DF
Range medium (100 + 10 ft./level)
Area cylinder (10-ft. radius, 40-ft. high)
Duration instantaneous
Saving Throw DC 20 Reflex half; **Spell Resistance** yes

A flame strike evokes a vertical column of divine fire. The spell deals 1d6 points of damage per caster level (maximum 15d6). Half the damage is fire damage, but the other half results directly from divine power and is therefore not subject to being reduced by resistance to fire-based attacks.

Plane Shift

Oracle 5

School conjuration (teleport)
Casting Time 1 standard action
Components V, S, F (a forked metal rod attuned to the plane of travel)
Range touch
Target creature touched, or up to eight willing creatures joining hands
Duration instantaneous
Saving Throw DC 20 Will negates; **Spell Resistance** yes

You move yourself or some other creature to another plane of existence or alternate dimension. If several willing persons link hands in a circle, as many as eight can be affected by the plane shift at the same time. Precise accuracy as to a particular arrival location on the intended plane is nigh impossible. From the Material Plane, you can reach any other plane, though you appear 5 to 500 miles (5d%) from your intended destination. Plane shift transports creatures instantaneously and then ends. The creatures need to find other means if they are to travel back (including casting plane shift again).

Spell Resistance

Oracle 5

School abjuration
Casting Time 1 standard action
Components V, S, DF
Range touch
Target creature touched
Duration 1 min./level
Saving Throw Will negates (harmless); **Spell Resistance** yes (harmless)

The target gains spell resistance equal to 12 + your caster level.

True Seeing

Oracle 5

School divination
Casting Time 1 standard action
Components V, S, M (an eye ointment worth 250 gp)
Range touch
Target creature touched
Duration 1 min./level
Saving Throw Will negates (harmless); **Spell Resistance** yes (harmless)

You confer on the subject the ability to see all things as they actually are. The subject sees through normal and magical darkness, notices secret doors hidden by magic, sees the exact locations of creatures or objects under blur or displacement effects, sees invisible creatures or objects normally, sees through illusions, and sees the true form of polymorphed, changed, or transmuted things. Further, the subject can focus its vision to see into the Ethereal Plane (but not into extradimensional spaces). The range of true seeing conferred is 120 feet.

True seeing, however, does not penetrate solid objects. It in no way confers X-ray vision or its equivalent. It does not negate concealment, including that caused by fog and the like. True seeing does not help the viewer see through mundane disguises, spot creatures who are simply hiding, or notice secret doors hidden by mundane means. In addition, the spell effects cannot be further enhanced with known magic, so one cannot use true seeing through a crystal ball or in conjunction with clairaudience/clairvoyance.

Cure Moderate Wounds, Mass

Oracle 6

School conjuration (healing)
Casting Time 1 standard action
Components V, S
Range close (25 + 5 ft./2 levels)
Target one creature/level, no two of which can be more than 30 ft. apart
Duration instantaneous
Saving Throw Will half (harmless) or Will half; see text; **Spell Resistance** yes (harmless) or yes; see text

This spell functions like *mass cure light wounds*, except that it cures 2d8 points of damage + 1 point per caster level (maximum +30).

Cure Light Wounds, Mass

You channel positive energy to cure 1d8 points of damage + 1 point per caster level (maximum +25) on each selected creature. Like other cure spells, mass cure light wounds deals damage to undead in its area rather than curing them. Each affected undead may attempt a Will save for half damage.

Dispel Magic, Greater

Oracle 6

School abjuration / void elemental

Casting Time 1 standard action

Components V, S

Range medium (100 + 10 ft./level)

Target one spellcaster, creature, or object; or a 20-ft.- radius burst

Duration instantaneous

Saving Throw none; **Spell Resistance** no

This spell functions like *dispel magic*, except that it can end more than one spell on a target and it can be used to target multiple creatures.

You choose to use *greater dispel magic* in one of three ways: a targeted dispel, area dispel, or a counterspell:

Targeted Dispel: This functions as a targeted *dispel magic*, but it can dispel one spell for every four caster levels you possess, starting with the highest level spells and proceeding to lower level spells.

Additionally, *greater dispel magic* has a chance to dispel any effect that *remove curse* can remove, even if *dispel magic* can't dispel that effect. The DC of this check is equal to the curse's DC.

Area Dispel: When *greater dispel magic* is used in this way, the spell affects everything within a 20-foot-radius burst. Roll one dispel check and apply that check to each creature in the area, as if targeted by *dispel magic*. For each object within the area that is the target of one or more spells, apply the dispel check as with creatures. Magic items are not affected by an area dispel.

For each ongoing area or effect spell whose point of origin is within the area of the *greater dispel magic* spell, apply the dispel check to dispel the spell. For each ongoing spell whose area overlaps that of the *greater dispel magic* spell, apply the dispel check to end the effect, but only within the overlapping area.

If an object or creature that is the effect of an ongoing spell (such as a monster summoned by *summon monster*) is in the area, apply the dispel check to end the spell that conjured that object or creature (returning it whence it came) in addition to attempting to dispel one spell targeting the creature or object.

You may choose to automatically succeed on dispel checks against any spell that you have cast.

Counterspell: This functions as *dispel magic*, but you receive a +4 bonus on your dispel check to counter the other spellcaster's spell.

Dispel Magic

You can use dispel magic to end one ongoing spell that has been cast on a creature or object, to temporarily suppress the magical abilities of a magic item, or to counter another spellcaster's spell. A dispelled spell ends as if its duration had expired. Some spells, as detailed in their descriptions, can't be defeated by dispel magic. Dispel magic can dispel (but not counter) spell-like effects just as it does spells. The effect of a spell with an instantaneous duration can't be dispelled, because the magical effect is already over before the dispel magic can take effect. You choose to use dispel magic in one of two ways: a targeted dispel or a counterspell.

Targeted Dispel: One object, creature, or spell is the target of the dispel magic spell. You make one dispel check (1d20 + your caster level) and compare that to the spell with highest caster level (DC = 11 + the spell's caster level). If successful, that spell ends. If not, compare the same result to the spell with the next highest caster level. Repeat this process until you have dispelled one spell affecting the target, or you have failed to dispel every spell. For example, a 7th-level caster casts dispel magic, targeting a creature affected by stonewall (caster level 12th) and fly (caster level 6th). The caster level check results in a 19. This check is not high enough to end the stonewall (which would have required a 23 or higher), but it is high enough to end the fly (which only required a 17). Had the dispel check resulted in a 23 or higher, the stonewall would have been dispelled, leaving the fly intact. Had the dispel check been a 16 or less, no

Harm

Oracle 6

School necromancy

Casting Time 1 standard action

Components V, S

Range touch

Target creature touched

Duration instantaneous

Saving Throw DC 21 Will half; see text; **Spell Resistance** yes

Harm charges a subject with negative energy that deals 10 points of damage per caster level (to a maximum of 150 points at 15th level). If the creature successfully saves, harm deals half this amount. Harm cannot reduce the target's hit points to less than 1. If used on an undead creature, harm acts like heal.

Heal

Oracle 6

School conjuration (healing)

Casting Time 1 standard action

Components V, S

Range touch

Target creature touched

Duration instantaneous

Saving Throw Will negates (harmless); **Spell Resistance** yes (harmless)

Heal enables you to channel positive energy into a creature to wipe away injury and afflictions. It immediately ends any and all of the following adverse conditions affecting the target: ability damage, blinded, confused, dazed, dazzled, deafened, diseased, exhausted, fatigued, feebleminded, insanity, nauseated, poisoned, sickened, and stunned. It also cures 10 hit points of damage per level of the caster, to a maximum of 150 points at 15th level.

Heal does not remove negative levels or restore permanently drained ability score points. If used against an undead creature, heal instead acts like harm.

Planar Binding

Oracle 6

School conjuration / all elements (calling)

Casting Time 10 minutes

Components V, S

Range close (25 + 5 ft./2 levels)

Target up to three elementals or outsiders, totaling no more than 12 HD, no two of which can be more than 30 ft. apart when they appear

Duration instantaneous

Saving Throw DC 21 Will negates; **Spell Resistance** no and yes; see text

This spell functions like *lesser planar binding*, except that you may call a single creature of 12 HD or less, or up to three creatures of the same kind whose Hit Dice total no more than 12. Each creature gets a saving throw, makes an independent attempt to escape, and must be individually persuaded to aid you.

Planar Binding, Lesser

Casting this spell attempts a dangerous act: to lure a creature from another plane to a specifically prepared trap, which must lie within the spell's range. The called creature is held in the trap until it agrees to perform one service in return for its freedom. To create the trap, you must use a magic circle spell, focused inward. The kind of creature to be bound must be known and stated. If you wish to call a specific individual, you must use that individual's proper name in casting the spell. The target creature is allowed a Will saving throw. If the saving throw succeeds, the creature resists the spell. If the saving throw fails, the creature is immediately drawn to the trap (spell resistance does not keep it from being called). The creature can escape from the trap by successfully pitting its spell resistance against your caster level check, by dimensional travel, or with a successful Charisma check (DC 15 + 1/2 your caster level + your Charisma modifier). It can try each method once per day. If it breaks loose, it can flee or attack you. A dimensional anchor cast on the creature prevents its escape via dimensional travel. You can also employ a calling diagram (see magic circle against evil) to make the trap more secure. If the creature does not break free of the trap, you can keep it bound for as long as you dare. You can attempt to compel the creature to perform a service by describing the service and perhaps offering some sort of reward. You make a Charisma check opposed by the creature's Charisma check. The check is assigned a bonus of +0 to +6 based on the nature of the service and the reward. If the creature wins the opposed check, it refuses service. New offers, bribes, and the like can be made or the old ones reoffered every 24 hours. This process can be repeated until the creature promises to serve, until it breaks free, or until you decide to get rid of it by means of some other spell. Impossible demands or unreasonable commands are never agreed to. If you ever roll a natural 1 on the Charisma check, the creature breaks free of the spell's effect and can escape or attack you. Once the requested service is completed, the creature need only to inform you to be instantly sent back whence it came. The creature might later seek revenge. If you assign some open-ended task that the creature cannot complete through its own actions, the spell remains in effect for a maximum of 1 day per caster level, and the creature gains an immediate chance to break free (with the same chance to resist as when it was trapped). Note that a clever recipient can subvert some instructions. When you use a calling spell to call an air, chaotic, earth, evil, fire, good, lawful, or water creature, it is a spell of that type.

Blasphemy

Oracle 7

School evocation [evil, sonic]

Casting Time 1 standard action

Components V

Range 40 ft.

Area nonevil creatures in a 40-ft.-radius spread centered on you

Duration instantaneous

Saving Throw DC 22 Will partial; **Spell Resistance** yes

Any nonevil creature within the area of a blasphemy spell suffers the following ill effects.

HD - Effect

Equal to caster level - Dazed

Up to caster level -1 - Weakened, dazed

Up to caster level -5 - Paralyzed, weakened, dazed

Up to caster level -10 - Killed, paralyzed, weakened, dazed

The effects are cumulative and concurrent. A successful Will save reduces or eliminates these effects. Creatures affected by multiple effects make only one save and apply the result to all the effects.

Dazed: The creature can take no actions for 1 round, though it defends itself normally. Save negates.

Weakened: The creature's Strength score decreases by 2d6 points for 2d4 rounds. Save for half.

Paralyzed: The creature is paralyzed and helpless for 1d10 minutes. Save reduces the paralyzed effect to 1 round.

Killed: Living creatures die. Undead creatures are destroyed. Save negates. If the save is successful, the creature instead takes 3d6 points of damage + 1 point per caster level (maximum +25).

Furthermore, if you are on your home plane when you cast this spell, nonevil extraplanar creatures within the area are instantly banished back to their home planes. Creatures so banished cannot return for at least 24 hours. This effect takes place regardless of whether the creatures hear the blasphemy or not. The banishment effect allows a Will save (at a -4 penalty) to negate. Creatures whose Hit Dice exceed your caster level are unaffected by blasphemy.

Cure Serious Wounds, Mass

Oracle 7

School conjuration (healing)

Casting Time 1 standard action

Components V, S

Range close (25 + 5 ft./2 levels)

Target one creature/level, no two of which can be more than 30 ft. apart

Duration instantaneous

Saving Throw Will half (harmless) or Will half; see text; **Spell**

Resistance yes (harmless) or yes; see text

This spell functions like *mass cure light wounds*, except that it cures 3d8 points of damage + 1 point per caster level (maximum +35).

Cure Light Wounds, Mass

You channel positive energy to cure 1d8 points of damage + 1 point per caster level (maximum +25) on each selected creature. Like other cure spells, mass cure light wounds deals damage to undead in its area rather than curing them. Each affected undead may attempt a Will save for half damage.

Destruction Oracle 7

School necromancy [death]
Casting Time 1 standard action
Components V, S, F (holy or unholy symbol worth 500 gp)
Range close (25 + 5 ft./2 levels)
Target one creature
Duration instantaneous
Saving Throw DC 22 Fortitude partial; **Spell Resistance** yes

This spell instantly delivers 10 points of damage per caster level. If the spell slays the target, it consumes the remains utterly in holy (or unholy) fire (but not its equipment or possessions). If the target's Fortitude saving throw succeeds, it instead takes 10d6 points of damage. The only way to restore life to a character who has failed to save against this spell (and was slain) is to use true resurrection, a carefully worded wish spell followed by resurrection, or miracle.

Insanity Oracle 7

School enchantment (compulsion) [mind-affecting]
Casting Time 1 standard action
Components V, S
Range medium (100 + 10 ft./level)
Target one living creature
Duration instantaneous
Saving Throw DC 22 Will negates; **Spell Resistance** yes

The affected creature suffers from a continuous confusion effect, as the spell.

Remove curse does not remove insanity. Greater restoration, heal, limited wish, miracle, or wish can restore the creature.

Confusion

This spell causes confusion in the targets, making them unable to determine their actions. Roll on the following table at the start of each subject's turn each round to see what it does in that round.

- d% - Behavior
- 01-25 - Act normally
- 26-50 - Do nothing but babble incoherently
- 51-75 - Deal 1d8 points of damage + Str modifier to self with item in hand
- 76-100 - Attack nearest creature (for this purpose, a familiar counts as part of the subject's self)

A confused character who can't carry out the indicated action does nothing but babble incoherently. Attackers are not at any special advantage when attacking a confused character. Any confused character who is attacked automatically attacks its attackers on its next turn, as long as it is still confused when its turn comes. Note that a confused character will not make attacks of opportunity against any creature that it is not already devoted to attacking (either because of its most recent action or because it has just been attacked).

Waves of Ecstasy Oracle 7

School enchantment (compulsion) [emotion, mind-affecting]
Casting Time 1 standard action
Components V, S
Range 30 ft.
Area cone-shaped burst
Duration 1 round/level; see text
Saving Throw DC 22 Will partial (see text); **Spell Resistance** yes

You emanate waves of intense pleasure that cause all targets within range to falter. Affected creatures are stunned for 1 round and are staggered for the remainder of the spell. A creature that makes its save is staggered for the first round and can act normally thereafter.

Cure Critical Wounds, Mass Oracle 8

School conjuration (healing)
Casting Time 1 standard action
Components V, S
Range close (25 + 5 ft./2 levels)
Target one creature/level, no two of which can be more than 30 ft. apart
Duration instantaneous
Saving Throw Will half (harmless) or Will half; see text; **Spell Resistance** yes (harmless) or yes; see text

This spell functions like *mass cure light wounds*, except that it cures 4d8 points of damage + 1 point per caster level (maximum +40).

Cure Light Wounds, Mass

You channel positive energy to cure 1d8 points of damage + 1 point per caster level (maximum +25) on each selected creature. Like other cure spells, mass cure light wounds deals damage to undead in its area rather than curing them. Each affected undead may attempt a Will save for half damage.

Fire Storm Oracle 8

School evocation [fire]
Casting Time 1 standard action
Components V, S
Range medium (100 + 10 ft./level)
Area two 10-ft. cubes per level (S)
Duration instantaneous
Saving Throw DC 23 Reflex half; **Spell Resistance** yes

When a fire storm spell is cast, the whole area is shot through with sheets of roaring flame. The raging flames do not harm natural vegetation, ground cover, or any plant creatures in the area that you wish to exclude from damage. Any other creature within the area takes 1d6 points of fire damage per caster level (maximum 20d6). Creatures that fail their Reflex save catch on fire, taking 4d6 points of fire damage each round until the flames are extinguished. Extinguishing the flames is a full-round action that requires a DC 20 Reflex save.

Orb of the Void Oracle 8

School necromancy / void elemental
Casting Time 1 standard action
Components V, S, M (a black gemstone of any kind worth 50 gp)
Range close (25 + 5 ft./2 levels)
Effect 1-ft.-diameter sphere
Duration 1 round/level (D)
Saving Throw DC 23 Fortitude negates; **Spell Resistance** yes

You create a small weightless sphere of pure negative energy. As a move action, you can move it up to 30 feet per round in any direction. If it enters a space with a living creature, it stops moving for the round and that creature gains one negative level (Fortitude negates). Any creature passing through or ending its turn in the space occupied by the sphere gains one negative level (Fortitude negates). Twenty-four hours after gaining a negative level from the sphere, the subject must make a Fortitude saving throw (the DC of this save is equal to the DC of this spell) for each negative level. If the save succeeds, that negative level is removed. If it fails, that negative level becomes permanent. If more than one orb (from different castings of the spell) enters the same space, the orbs automatically fuse together. The resulting orb uses the higher of the two orbs' DCs as its DC and whichever duration has more time left. If the orbs are from different casters, each must make an opposed Intelligence check to move the sphere. An undead creature that passes through or ends its turn in the space occupied by the orb gains 2d4 x 5 temporary hit points for 1 hour.

Reverse Gravity

Oracle 8

School transmutation / earth elemental

Casting Time 1 standard action

Components V, S, M/DF (lodestone and iron filings)

Range medium (100 + 10 ft./level)

Area up to one 10-ft. cube/level (S)

Duration 1 round/level (D)

Saving Throw none; see text; **Spell Resistance** no

This spell reverses gravity in an area, causing unattached objects and creatures in the area to fall upward and reach the top of the area in 1 round. If a solid object (such as a ceiling) is encountered in this fall, falling objects and creatures strike it in the same manner as they would during a normal downward fall. If an object or creature reaches the top of the area without striking anything, it remains there, oscillating slightly, until the spell ends. At the end of the spell duration, affected objects and creatures fall downward. Provided it has something to hold onto, a creature caught in the area can attempt a Reflex save to secure itself when the spell strikes. Creatures who can fly or levitate can keep themselves from falling.
