Pathfinder Society  
Venture-Captain

True Neutral

Human Female Diviner 9

Eliza Petulengro is a Venture-Captain in Absalom but hails from war-torn Galt. She is a talented diviner with a photographic memory for text, names, and faces. Soft-spoken and polite, she has a pleasant habit of calling initiates by name even after meeting them only once. Though she appears bookish, this is just a facade to deter suitors and keep her affairs private
