

MOTHER OF CHANGE DHANISHTA ASKS YOU TO JOIN THE

RUBY CIRCLE

OPEN TRADE AND NEW IDEAS

We can't keep living as farmers if we have no one to sell our merchandise to and can't continue to live without income, advancement, and connections. The Mother of Change has connections to the outside and can provide our city with the resources it needs to grow and prosper.

With your help, we can break down the outdated caste system and we all can benefit and grow. It is only inevitable that our leader will soon be placed in a position of power so isn't it only right you join up on the winning side?
